CODE OF ETHICS

(form for advisors – return to registrar with conference registration form)

Adults and youth in leadership roles are in a position of stewardship and play a key role in fostering the spiritual development of both individuals and the community. It is therefore especially important that those in leadership positions be well qualified to provide the special nurture, care, and support that enable youth to develop a positive sense of self and a spirit of independence and responsibility. The relationship between young people and their leaders must be one of mutual respect if their potential is to be realized.

There are no more important areas of growth than those of self-worth and the development of a healthy identity as a sexual being. Leaders play a key role in assisting youth in these areas of growth. Wisdom dictates that all those involved suffer damaging effects when leaders become sexually involved with those they are leading; therefore, leaders will refrain from engaging in sexual, seductive, or erotic behavior with youth in the community. Nor shall they sexually harass or engage in behavior with youth that constitutes verbal, emotional, or physical abuse. Leaders shall be informed of this code of ethics and agree to it before assuming their role. If this code is violated, appropriate action will be taken.

As an adult or youth in a leadership role at this conference, I certify that I have read and understood the above and I agree to abide by the Conference Code of Ethics.
