## CALL for Auburn U. U. Fellowship of Auburn, Alabama!

Dear Mid-South Chalice Lighter,

**This Chalice Lighter Call goes out to assist the Auburn U. U. Fellowship of Auburn, Alabama.**

The Auburn Unitarian Universalist Fellowship (AUUF) requests funding for building a ramp to make their Religious Education (RE) Building handicap accessible. The 1700 square foot house has been renovated to house 5 RE classrooms and a nursery. Both exterior doors exit onto porches with steep steps to the ground.

The design of the ramp was essentially donated by a state licensed architect. The design specifies more durable materials for fasteners and wear surfaces to ensure that the ramp will last a long time in spite of exposure to outdoor elements and in anticipation of heavier use than at a residence.

It was designed to comply with code pertaining to designation as a commercial property, rather than a residence, so the materials are more expensive to accommodate higher loads. The plan has been approved for construction by officials from the City of Auburn who strongly recommended the hiring of a professional contractor for the construction because of the city's requirements. Although contracted labor will be used in the construction of the ramp, much of the construction materials will be donated.

**Your Chalice Lighter contribution of \$10 (or more!) will be a gift to support growth at UUCO as well as the overall growth of Unitarian Universalism in Mid-South District and across the country.**

**Please give generously!**
